2. Profile Summary:

With over 25 years of experience in teaching across various levels of education, from school to university, I have successfully transitioned from traditional to experimental learning approaches. My expertise lies in creating connected learning spaces that empower students to share their views and ideas on complex problems, while consistently observing and improving their learning outcomes. I engage students in diverse activities, allowing them to take ownership of their learning environment and quality. As a researcher, I have dedicated myself to exploring the intricacies of the Kashmiri language and literature. My ultimate goal is to nurture inclusive, research-oriented, and responsible individuals who are equipped to make a positive impact in society.
